

VIRGINIA PREMIER HEALTH PLAN, INC.

PROVIDER NEWSLETTER

From the Senior Medical Director

At the time of this writing, Virginia Premier Health Plan, Inc. (VPH) like the rest of the Nation is awaiting the decision of the Supreme Court ruling on the Accountable Care Act. This wait has not delayed the excellent care that you, our providers have given to our 150,000 Medicaid members. For that we say Thank You!

Since the last article in this publication, VPH has been extremely busy in several areas. First, we are prepared for a new Pharmacy Benefits Manager (PBM) beginning July 1, 2012. EnvisionRx Options will be the new PBM. Please take a look at our website, www.virginiapremier.com and view all of the updates. These include, the new PDL (preferred drug list) and all of the new forms for prior authorizations and specialty medications. Listings for step therapy, quantity limits, and all other important information for Pharmacy can be found. If you have questions please contact our Pharmacy Director at 804 819-5151.

Second, we are prepared for a large membership from the new expansion into the Far Southwest region of the State. This has required extensive energy from our staff and leadership. The challenges of the new region will be great, however, we welcome the new providers and with their help it should be a smooth transition.

Third, we are excited that in July, we will have a new Chief Medical Officer, Dr. Renee Miskimmin joining us at VPH. We will introduce her to the provider community later in the summer.

HEDIS (Healthcare Effectiveness Data and Information Set) reporting is complete for this cycle. Thanks to everyone for your assistance. We await our final scores and rankings. Our HEDIS nurses and the quality staff worked extremely hard to meet the deadlines and to hopefully improve our scores. NCQA keeps the measures dynamic and maintaining or improving performances is a constant challenge.

The HQUM committee (Health Quality and Utilization Management Committee) has continued to meet and update all of the guidelines and policies. At the next meeting in July eight more Clinical Guidelines will be updated. Please view these on the VPH website at www.virginiapremier.com and remember if you desire a hard copy of these simply call the Quality Department at VPH (1 800 727 7536) and make the request.

The next several months will be very challenging for us at VPH, however, as usual we are counting on our provider network to help us meet this challenge.

Read the entire issue of this Provider Newsletter and call us with questions. Please have a safe and enjoyable summer!

Sincerely,

Melvin T. Pinn, Jr., M.D., M.P.H.
Senior Medical Director

WELCOME NEW PROVIDERS IN FAR SOUTHWEST VIRGINIA

Virginia Premier would like to welcome all of our participating providers and networks serving VPH members in Far SW Virginia. VPH has opened satellite offices in Abingdon, Richlands and Wise counties as we expand our membership into those areas effective 7/1/2012. We value our partnership and appreciate the care that you provide to our members. We welcome you and look forward to supporting all your efforts to provide quality care to our members.

COMPLIANCE CORNER

Federal False Claims Act, 31 USC § 3279

The False Claims Act (FCA) is a federal statute that covers fraud involving any federally funded contract or program, including Medicare and Medicaid. The FCA establishes liability for any person who knowingly presents or causes to be presented a false or fraudulent claim for payment. The Fraud Enforcement and Recovery Act significantly expands the scope of the False Claims Act as follows:

- Makes, uses or causes to be made or used, a false record or statement material to a false or fraudulent claim; and/or
- Repays less than what is owed to Virginia Premier, Medicaid or Medicare; and/or
- Makes, uses or causes to be made or used, a false record or statement material to reducing or avoiding repayment; and/or
- Conspires to defraud the government through one of the actions listed above.

Additionally, there are three requirements under the FCA

1. Educate staff of the intent of the act and how to identify and prevent fraud, waste and abuse (FWA).
2. Establish mechanisms to detect and prevent FWA.
3. Requirement to report suspected FWA and establish whistleblower protections for those who report suspected wrongdoing.

PROVIDER NOTIFICATION

New: Pharmacy Benefits Manager changes from Express Scripts to EnvisionRxOptions effective July 1, 2012.

Effective July 1, 2012, EnvisionRxOptions will administer the prescription drug benefits for Virginia Premier Members. Envision is committed to providing significant pharmacy benefit savings, excellent management and superior customer service while providing clarity, integrity and accountability in pricing, discounts and management.

Providers should call the EnvisionRxOptions/Virginia Premier dedicated customer service line at: 1-855-872-0005 or fax requests to 1-877-503-7231; to initiate Prior Authorization requests, or for any additional questions or concerns. The EnvisionRxOptions customer service team is available 24 hours, 7 days a week.

While the transition should be transparent to our membership, we will be issuing new cards with the PBM information for pharmacies.

Effective July 1, 2012, members must use the new ID card. The old ID card must be destroyed and not used after June 30, 2012.

Virginia Premier has modified the new Preferred Drug ("PDL"). The new PDL will be effective July 1, 2012 and can be downloaded off the Virginia Premier web site www.virginiapremier.com or off of Epocrates Online at <https://online.epocrates.com>. If you are unable to download the PDL, please contact VPHP's network development department at 800-727-7536, option 6.

PROVIDER SERVICES CORNER

Did You Know That NaviNet is Free to Providers?

Virginia Premier highly recommends that providers utilize NaviNet for checking member eligibility, claim status and for requesting and viewing member authorizations. You can now electronically transact with Virginia Premier through NaviNet, giving your office secure access to a variety of online features that can simplify your workday by reducing paperwork and time-consuming phone calls, and with no cost to you and your office.

With NaviNet, you can access secure, up-to-date patient information which saves your office time, money and resources. Through NaviNet, Virginia Premier offers the following transactions for providers:

- Eligibility and Benefits Inquiry
- Claim Status Inquiry
- Inpatient Authorization Submission
- Outpatient Authorization Submission
- Authorization Inquiry

Sign up now to see all the benefits NaviNet offers!

New to NaviNet?

- Go to www.NaviNet.net
- Select *Sign up* from the top right

Already a NaviNet user?

- Log in to NaviNet at <https://connect.navinet.net>
- Look for Virginia Premier Health Plan in your *Health Plans* list

If you should have any issues getting started with NaviNet please contact VPHP's Provider Services department at 800-727-7536 option 6.

NAVINET FOR VIRGINIA PREMIER IS GETTING BETTER!

In the upcoming month you will see the following enhancements in NaviNet:

- Addition of a new transaction, Quality Resource Center. Here you will find Quality information from Virginia Premier.
- Addition of a new transaction, Radiology Authorizations. There will be a link to NIA where you can request authorization for outpatient radiology services directly from NaviNet. For more information on radiology authorizations, please contact NIA at (800) 642-7578 or visit www.RadMD.com.
- The search criteria for Claim Status Inquiry have been made easier. Soon the gender field will be removed, and you will be able to search using just one of the following options:
 - ☐ Member ID
 - ☐ Member Last Name, First Name and Date of Birth
 - ☐ Claim ID
- You will still be required to choose a billing provider from the drop down menu and will need to enter a start and end date for the claim.
- For more information on these changes, visit the Customer Support menu in NaviNet or speak with your dedicated Provider Service Representative.

If you are a provider and not utilizing Navinet we encourage you to sign up by visiting www.NaviNet.net.

FINANCE CORNER

Frequently Asked Questions

In an effort to better serve you below you will find a list of frequently asked questions to the Finance Department. Many questions are directed to the Finance Department but can only be answered by other departments. It is our goal to provide a list of those items to better help you navigate to the right area for service.

If I make any contractual changes to my practice or business what information do I need to provide to Virginia Premier Health Plan, Inc.'s Finance Department? If you change your tax identification number, street, remit or mailing address, Medicaid provider number, legal business name or any other contractual changes please forward a W-9 along with your changes to your Contracting Specialist immediately. Doing this can avoid possible IRS regulated fines and/or withholdings from your claim, capitation and/or management fee payments. In addition, any changes made without a W-9 attached will delay payment of any of your claims. Your Contract Specialist can be reached at (800) 727-7536.

Where are the even pages to my Remittance Advice? Remittance Advices (RAs) are printed on the front and back, so please turn your RAs over.

I need a copy of my Remittance Advice that is over 60 days old. Can I get a copy of that sent to me? Unfortunately, due to data storage capacity, any requests for reprints of Remittance Advices older than 60 days cannot be reprinted.

Can I get a copy of a cancelled check? A copy of a cancelled check can be provided. To obtain those copies please contact the Claims department at either (804) 819-5151 or (800) 727-7536, press option 4.

When can I expect my fee for service payment? Payments are usually processed every Friday and are mailed out by the following Wednesday of each week. Please check with the Claims department to ensure whether or not the claims you are seeking payment for has been processed for payment. You can contact the Claims department at either (804) 819-5151 or (800) 727-7536, press option 4.

I need a copy of a previous months Capitation, Management Fee or Administrative Fee Detailed Report. Can I get a copy of that sent to me? Unfortunately, due to ever changing enrollment data we may not be able to retrieve this information prior to 07/01/07. For any detailed reports after 7/01/07 please contact, Janet Shaw at (804) 819-5151 ext. 5226. Please have your company's tax identification number available during this call for verification purposes.

I only know my member's information, what department do I contact to receive payment information? You can contact the Claims department at either (804) 819-5151 or (800) 727-7536, press option 4.

I would like to get my money directly deposited into my bank account, is that possible? Virginia Premier Health Plan, Inc. offers Electronic Funds Transfer (EFT) to contracted providers. To sign up for this form please go to our website for the enrollment forms and complete them as instructed. Only providers with valid email accounts will be able to participate in the EFT program. The website address is:
http://www.vapremier.com/uploads/pdf/EFT_auth_form.pdf

I already have EFT set up but I need to make changes to my bank account, what do I do? To change bank account or the designated contact employee's email information complete the EFT Change form found on our website and send it as instructed on the form. The website address for the EFT Change Form is http://www.vapremier.com/uploads/pdf/EFT_change_form.pdf

I would like to have my Remittance Advice sent to me electronically, is that possible? Virginia Premier Health Plan, Inc. does offer Electronic Data Interchange (EDI) for our Remittance Advices. To participate in the program please complete the Electronic Remit (EDI 835) form. For more information on this form and the program please contact the Claims Department at either (804) 819-5151 or (800) 727-7536, press option 4. The website address for the EDI 835 Electronic Remit Form is: <http://www.vapremier.com/uploads/pdf/ElectronicRemitEDI835RequestForm.pdf>

Why do all contractual changes (tax identification number, street, remit or mailing address, Medicaid provider number, legal business name, EFT addition/changes and etc.) need a W-9? The IRS requires us to submit accurate information to them each year end. Thus to make sure that we always have current information it is our policy to always request a W-9 for IRS compliance.

I do not have a W-9 already completed where can I find one? You can find a current blank W-9 on the IRS's website, www.irs.gov or on Virginia Premier Health Plan, Inc.'s website, http://www.vapremier.com/uploads/pdf/Oct07W-9_Form.pdf

MEDICAL PAYMENT POLICY – UPDATE

Additional information pertaining to policies can be obtained by contacting our Medical Management Department at (800) 727-7536. Services that are determined to be covered must meet established medical criteria. Prior to rendering a service, providers should check the “No Prior Authorization Listing” (NPA) to determine whether an authorization is required. The NPA listing can be found at www.vapremier.com under the Medical Management Tab/Utilization Management. The NPA listing is updated monthly.
